

ROHIT SALOORIA

Kangra, Himachal Pradesh | +91 8091011912 | rohitsaloorial2@gmail.com | linkedin.com/in/rohitsuooria | [Portfolio](#)

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js

State Management: Hooks, Context API, Redux

Backend (Basic): Node.js, Express.js

API Integration: REST APIs, Axios, Fetch API

Database: Firebase, MongoDB, MySQL, SupaBase

Tools: Git, GitHub, Postman

AI: ChatGpt, Claude, Gemini, KiMi, Qwen, AmazonQ

EDUCATION

Bachelor of Computer Applications
IK Gujral Punjab Technical University
2022 – 2025

Master of Computer Applications
Chandigarh University
2026 - 2028

EXPERIENCE

Frontend Developer Intern | Ziion Technology

July 2025 – Present

- Built fully responsive UI for the company's Education Platform using React.js and Hooks
- Reduced page load time by ~25% through lazy loading, code splitting, and bundle optimization
- Translated Figma wireframes into pixel-perfect, production-ready UI components
- Enhanced user engagement by improving UI/UX performance and resolving critical bugs.

Frontend Developer Intern | Bytsmartz

Sep 2025 – Feb 2026

- Developed and maintained scalable React.js components for web applications
- Integrated RESTful APIs with Node.js/Express.js backend for dynamic data handling
- Improved application responsiveness through optimized rendering techniques
- Collaborated with backend team to ensure seamless data flow and API communication.

PROJECTS

Logistics Application

- Developed a logistics platform using Next.js with dynamic routing and server-side rendering
- Implemented real-time API integration for live shipment tracking and status updates
- Designed reusable component architecture to improve scalability and maintainability
- Built fully responsive UI for cross-device compatibility using CSS modules and Flexbox/Grid

Ziion Technology Website

- Developed responsive UI flows for the Education Platform using React.js and Hooks
- Reduced page load time and bounce rates by implementing optimized code and lazy loading
- Partnered with design team to translate wireframes into high-quality, bug-free user interfaces.

ACHIEVEMENTS

- Interned at 2 companies simultaneously (Ziion Technology & Bytsmartz) while managing React.js projects independently
- Reduced page load times by ~25% through lazy loading and code optimization at Ziion Technology
- Built a complete logistics platform with real-time tracking using Next.js as a solo project.
- HackerRank Certificate : [Frontend Development](#)
