Kangra, Himachal Pradesh +91 8091011912 [LinkedIn](#) rohitsalooria12@gmail.com [Portfolio](#)

SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), React.js
- **State Management:** React Hooks (useState, useEffect), Context API
- **API Handling:** REST API Integration, Axios, Fetch
- **Database:** Firebase (Firestore), Basic MySQL
- **Tools & Technologies:** Git, GitHub, VS Code, Postman

EDUCATION

Bachelor of Computer Applications

IK Gujral Punjab Technical University
Jalandhar GPA: 6.5

Master of Computer Applications

Chandigarh University
Chandigarh [2026-Present]

EXPERIENCE

● React Developer | Bytsmartz

Company specializing in software solutions Collaborated with backend developers to integrate RESTful APIs and provided development support on an Express.js project Built and maintained scalable React components, ensuring smooth data flow and application stability Optimized frontend architecture to improve responsiveness and user experience React Developer.

● React Developer | Ziion Technology

Company focused on educational platforms Developed responsive UI flows for the company's Education Platform using React.js and Hooks Reduced page load time and bounce rates by implementing optimized code and lazy loading Partnered with design teams to translate wireframes into high-quality, bug-free user interfaces.

PROJECTS

Logistics Application

- Developed a scalable logistics management platform using **Next.js**, enabling efficient handling of shipments and operations
- Implemented **optimized routing and dynamic navigation** for improved performance and user experience
- Designed modular and reusable components for better maintainability
- Integrated API handling for real-time data updates and tracking
- Ensured responsive UI for seamless usage across devices

Ziion Technology Website

- Developed responsive UI flows for the company's Education Platform using React.js and Hooks.
- Reduced page load time and bounce rates by implementing optimized code and lazy loading.
- Partnered with design teams to translate wireframes into high-quality, bug-free user interfaces.

ACHIEVEMENTS

Web Application Development Successfully developed and optimized various web applications, enhancing user experience and application performance
